Compliance to Mental Capacity Act 2005 for Staff

For each intervention with a person ensure that there is consideration and a **profile note/relevant document** completed for each of the following, including the use of reasonable adjustments at each stage:

The presumption of capacity: Provide evidence that the decision the person is making is done freely, and without evidence of coercion?

If the person appears to be making an **unwise decision**, explore the reasons for this. Does the person understand the potential consequences/risks of their decision?

If there is reason to doubt the presumption of capacity:

Is there a recent and relevant capacity assessment available?

If yes, please state why you are able to rely on this.

If no, complete the relevant capacity assessment.

Best Interest: Check to see if there is a relevant Lasting Power of Attorney or other proxy decision maker.

If yes, ensure a copy is available on S1.

If no, consider an advocate.

Ensure all relevant persons are consulted. If not done, state why not.

If **all** in agreement, record the best interest discussion/ decision.

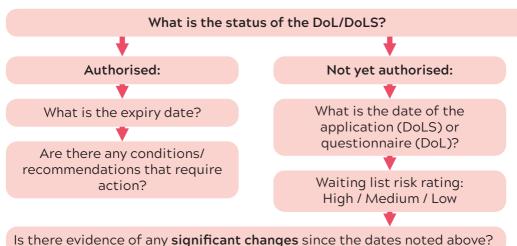

If there are any challenges to decision, convene a best interest meeting.

Now consider Deprivation of Liberty.

Use the acid test. Is the person: Under continuous supervision and control AND Not free to leave? Record your observation. If yes, please turn over

Deprivation of Liberty (DoL)

▼

If **yes**, please explore and report the following:

- Evidence of any **objections** is the person asking or attempting to leave, agitated, or withdrawn.
- Are there any concerns or conflicts regarding the arrangements raised by others?
- Evidence of restraint
- Use of medications with a sedative/mood altering effect especially if administered covertly?
- Are there any other changes in the **person's presentation** that give rise to concern?
- Can you identify any less restrictive ways that the care to this person could be delivered?

If any of the above are present - please record and escalate to the DoLS Team - via focus.mcadols@nhs.net

If no application found - Please ensure one is instigated.

Telephone: Monday-Friday 11:00-15:00 **0300 330 2860** Outside of those hours via focus.mcadols@nhs.net
